

INSTRUCTIONS FOR OBTAINING BACKGROUND CHECKS ON NEIGHBOR ISLANDS

Hawaii Revised Statutes (HRS) Sections 346-151 and 346-154 require all DHS licensed child care providers and adult household members of family and group child care homes and child care center staff to be processed for background checks, including criminal history and adult or child abuse/neglect records clearance. In addition, HRS Sections 346-152.5 and 346-154 requires all child care providers who are caring for DHS subsidized children to be processed for a criminal history and child or adult abuse/neglect records clearance. The initial check requires that fingerprints be forwarded to the Federal Bureau of Investigation for a national records check; thereafter, only a record check of local files will be required annually. (Note: If an individual has left the State of Hawaii or has been away from child care for six consecutive months or more, the individual shall be required to undergo a fingerprint check again.)

The background check process shall be initiated for each individual by completing and signing a DHS 948 (08/19/13) "Authorization for Background Check and to Release Findings" form. Once this form is completed, follow these steps, depending on your situation:
